SUMMARY

Highly motivated and adaptable individual with a strong foundation in SQL and Java, including OOP (Object-Oriented Programming) concepts, seeking an entry-level software development position. I am eager to contribute my skills and abilities to a dynamic IT environment. A quick learner with a resourceful and flexible approach, I can swiftly adapt to new challenges and technologies, making me an asset to any development team.

EDUCATION

Bachelor of Science in Information Technology. ([Mumbai University](#))- [**9.1 CGPI**]

Higher Secondary Certificate Examination. ([Central Board of Secondary Education](#)) - [**76.4%**]

Secondary School Certificate Examination ([Maharashtra State Board Division, Pune](#))- [**85%**]

PROJECTS

Project Title: Bank Management System

Role: Sole Developer

Description:

- Developed a robust system using core Java, applying OOP principles for modularity and maintainability.
- Implemented user registration, login, and account creation with secure password hashing.
- Enabled fund transfers, transaction history tracking, and balance updates.
- Designed an admin panel for user management, account approval, and system monitoring.
- Utilized properties files for flexible data storage and retrieval.
- Implemented comprehensive exception handling to prevent system crashes.
- Optimized code for performance and resource utilization.

Project Title: E-Library Management System

Role: Database Developer

Description:

- Designed database architecture for book inventory, user profiles, and author data.
- Developed stored procedures for efficient data manipulation.
- Optimized queries for fast, reliable data retrieval.
- Implemented data validation and error handling for accuracy.

STRENGTH

- **Adaptability:** Quick learner with a flexible and resourceful approach.
- **Problem-Solving:** Strong analytical and problem-solving abilities.
- **Leadership:** Proven leadership skills demonstrated through volunteer activities.
- **Cooperation:** Co-operative with others at work and ability to deal with people diplomatically.

CERTIFICATIONS

Pursuing **Professional Training course of java full stack** from JSpiders ,Thane.

SKILLS

SQL

- Strong grasp of RDBMS concepts, proficient in writing DDL, DML, DQL statements.

JAVA

- Solid understanding of OOP principles (Encapsulation, Inheritance, Polymorphism, Abstraction).
- Proficient with strings, singleton design pattern, Java Bean, and exception handling (including custom exceptions).
- Practical experience with Collections Framework, Data Structures (List, Set, Map, Queue), and custom sorting (Comparable, Comparator).

ADVANCED JAVA

- Proficient in JDBC, Servlet, and JSP.

WEB TECHNOLOGY

- Strong understanding of HTML, CSS, and basic JavaScript.

SPRING FRAMEWORK

- I have a solid understanding of key Spring concepts such as the Spring container, Dependency Injection (DI), and annotations

SPRING MVC

- Built web applications using MVC pattern.

HIBERNATE

- Mapped Java objects to database tables using ORM.

SPRING BOOT

- Managed application properties, service, repository.

CO CURRICULAR ACTIVITY

Senior Cadet, Naval Wing, National Cadet Corps (NCC)

- Led a team of 49 cadets in the Naval Wing, ensuring adherence to NCC standards and protocols.
- Managed the planning and execution of Multiple activities such as college activities ,community service activities.
